Hello Mr. Martin:

I have just been informed that you are now our contact at SHPO to send copies of notices we receive so you can review them to see if there are any archaeological concerns in the area so we can inform the operator if he can go ahead with his proposal.

The project known as Cassandra 1 is located in Uintah County in:
SW1/4 SW1/4 SE1/4 of Section 4, T5S, R21E

Our program shows the UTM's as: 621,840 E 4,473,530 N

I have scanned the notice and map and have attached it for your review.

Thank you for your timely response if there are any archaeological concerns for this site. (Note: We have to respond to the operator's within 15 days, and our MOA with SHPO states you will review within 10 days).

Thank you again,
Joelle Burns
